

# Heatherton and Clarinda works update

## February

Works are underway in Heatherton and Clarinda to deliver Suburban Rail Loop (SRL) East for Melbourne and Victoria.

We are building a Stabling Facility in Heatherton and preparing to launch Tunnel Boring Machines (TBMs) from Clarinda. Upcoming works at these sites are summarised below:

### Stabling Facility in Heatherton

- Building the Eastern Tunnel Entrance (ETE) and Western Tunnel Entrance (WTE)
- Building a permanent Network Support Facility (NSF) for construction and operational power
- Moving underground and above ground services.

### Clarinda

- Site investigations and building a temporary power supply facility for the TBMs
- Building the Clarinda Tunnel Access Structures (TAS).

### What we are doing

-  **Day works** 7am – 6pm Monday to Friday and 7am – 1pm Saturday
-  **Night works** 6pm – 7am Monday to Friday
-  **Extended works** 6pm – 10pm Monday to Friday, 1pm – 5pm Saturday and Sunday. 24-hour works at times

Where	When	What we are doing	What to expect
Stabling Facility	 Ongoing	<ul style="list-style-type: none"> <li>– Building the ETE, WTE and NSF</li> <li>– Site investigations</li> <li>– Safely removing hazardous material</li> <li>– Establishing a worksite, including excavation, tree removal and drainage works</li> <li>– Installation of permanent fencing</li> <li>– Moving underground services</li> </ul>	<ul style="list-style-type: none"> <li>– Lane and road closures on Elder Street South and Henry Street until early-February</li> <li>– From mid-February to late-2025 there will be 24-hour works, 7am Monday to 7am Sunday to prepare and excavate the ETE</li> <li>– You may see workers in specialised protective clothing as we continue safe removal of hazardous materials</li> <li>– Moderate levels of noise, vibration, light and dust</li> <li>– Increased truck movements</li> </ul>
Clarinda	 Ongoing	<ul style="list-style-type: none"> <li>– Building the TAS and temporary power supply facility</li> <li>– Safely removing hazardous material</li> <li>– Establishing a worksite, including traffic barrier installation, earthworks and tree removal</li> <li>– Installation of permanent fencing</li> <li>– Construction activities and piling</li> <li>– Road lighting installation</li> <li>– Road modifications and asphaltting</li> </ul>	<ul style="list-style-type: none"> <li>– You may see workers in specialised protective clothing as we continue safe removal of hazardous materials</li> <li>– Increased levels of noise, vibration, light and dust</li> </ul>

- Disruption zone
- Westbound lanes closed
- Bus stop closed
- Alternative bus stop
- WTE Western Tunnel Entrance
- ETE Eastern Tunnel Entrance
- NSF Network Support Facility
- SRL worksite - Stabling Facility, Heatherton
- SRL worksite - Clarinda

For illustrative purposes, subject to further detailed technical investigations and consultations

## Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. The Project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

## How we will manage our works

We will minimise impacts to the community by:

- Transporting materials from site in covered trucks to minimise dust
- Safely removing hazardous materials in accordance with EPA regulations
- Scheduling works to reduce impacts
- Maintaining access to homes and businesses
- Monitoring noise, dust and vibration levels
- Minimising light spill
- Turning off equipment when not in use
- Using noise blankets on equipment
- Using water and dust suppressants.

Thank you for your patience and cooperation as we progress the delivery of SRL East at Heatherton and Clarinda.

To receive SRL East works reminders via SMS text **HEATHERTON** to **0429 469 592**
