

# Important information reminder

## 24-hour rail corridor works

### Hobsons Road site, Kensington

Friday 25 July to Monday 28 July 2025

**VICTORIA'S BIG BUILD**

Further to the June Construction Update, we wish to remind you, as part of the Metro Tunnel Project, there will be 24-hour rail corridor works along Childers Street and at the Hobsons Road site in July.

### When we'll be working

We'll be working from **10pm** on **Friday 25 July** to **3am** on **Monday 28 July 2025**.

Works will take place **24/7**.

The timing of work may change depending on weather.

### What we'll be doing

As part of ongoing tie-station construction, we will be installing signalling assets and additional security fencing as well as undertaking rail maintenance works in the Childers Street rail corridor.

These works require the use of a non-destructive digging truck, excavator, hi rail truck and a tamping machine. They are expected to generate medium levels of noise with intermittent periods of high noise levels.

To ensure the safety of passengers and our workers, these activities can only be performed safely when trains are not operating.
