

Works notice

Albert Road reconstruction

Thursday 24 August to Thursday 7 September 2023

We're rebuilding Albert Road into its final configuration. These works require a local closure of the St Kilda Road end of Albert Road.

What we are doing

- Saw cutting and breaking back the existing road surface
- Milling the road to excavate it to the correct depth
- Building new kerbs, drainage, utility connections, road islands and pedestrian crossings
- Realigning the construction site barriers
- Backfilling and reinstating the road.

What to be aware of

- Pedestrian access to buildings and businesses on Albert Road will be maintained at all times. Cyclists are required to dismount and use the footpath to access St Kilda Road from Albert Road
- From Thursday 24 August egress onto St Kilda Road will be closed with access in and out of Albert Road maintained at all times, via Kings Way
- From Monday 28 August the road will be closed to vehicle traffic between 50 Albert Road and St Kilda Road
- Some buildings will have changes to their access arrangements from Albert Road during this time. Buildings with impacted driveways have been contacted directly
- To reduce the duration of the road closure, crews will work extended hours from 7am to 7pm, Monday to Saturday
- These works are expected to generate periods of high noise associated with the use of the road saw
- Some parking on Albert Road will be occupied to facilitate these works
- Overnight works will be required at the end of the closure to move barriers and line mark, readying the area for vehicles and cyclists
- Once these works are completed Albert Road will be reopened to both eastbound and westbound traffic,

between Kings Way and St Kilda Road, with works continuing adjacent to Albert Road to build the new parkland and the station entrance.

When

- Works will take place from 7am to 7pm Monday to Saturday
- This partial closure will be in place from Thursday 24 August to Thursday 7 September.

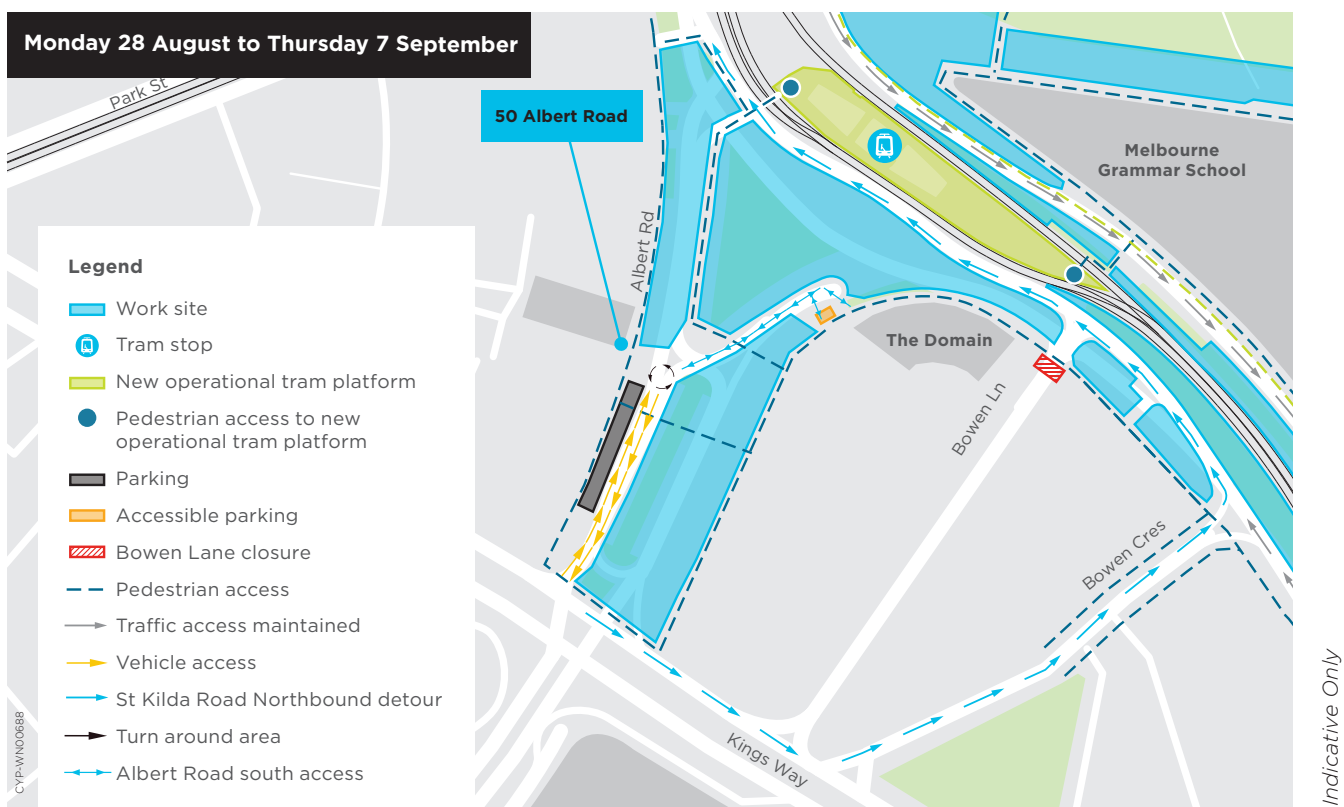

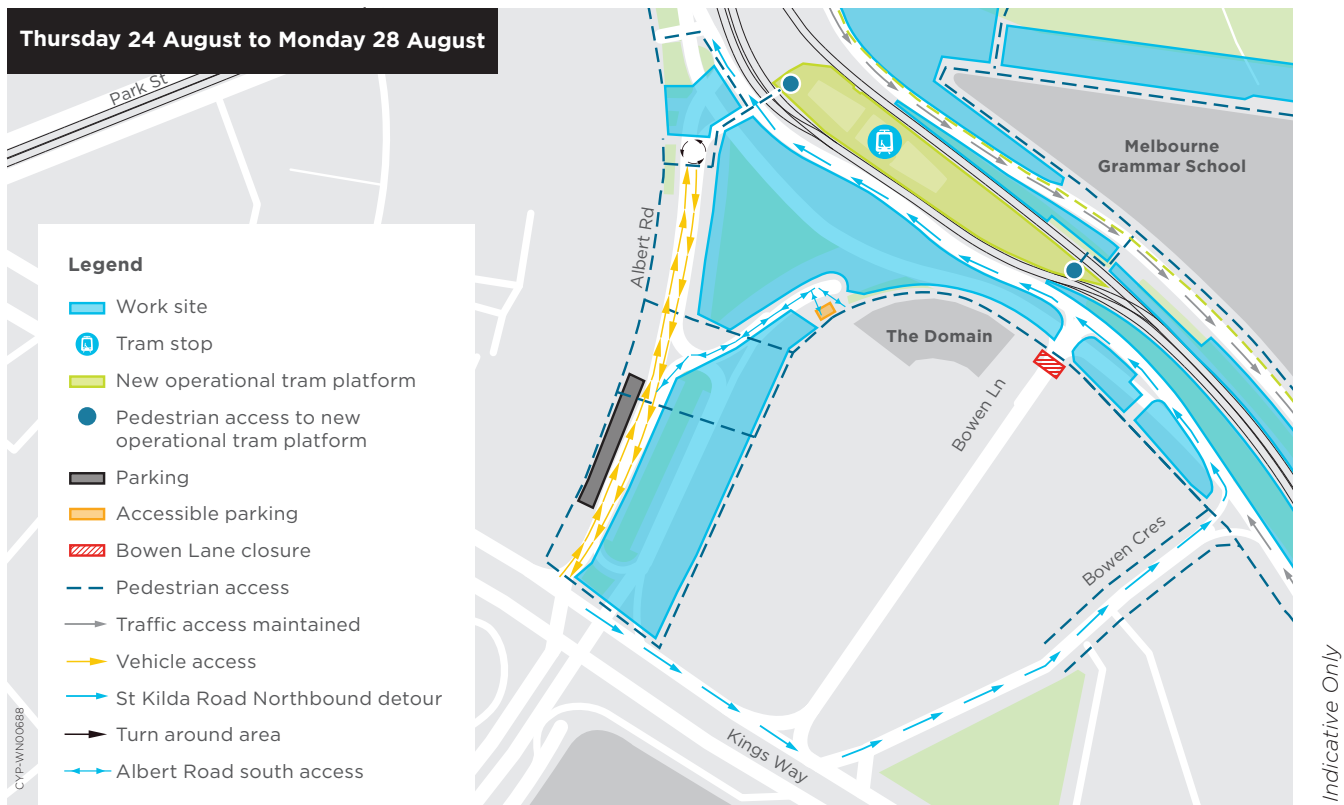

Further information on these works can be found at metrotunnel.vic.gov.au
