Tunnel Zone

Tunnels community engagement

Community Pop-Up events ventilation structures

- 11/08: Vernon Street
- 15/08: The Avenue
- 18/08: Footscray Hockey Club
- 22/08: The Boulevard (pic)

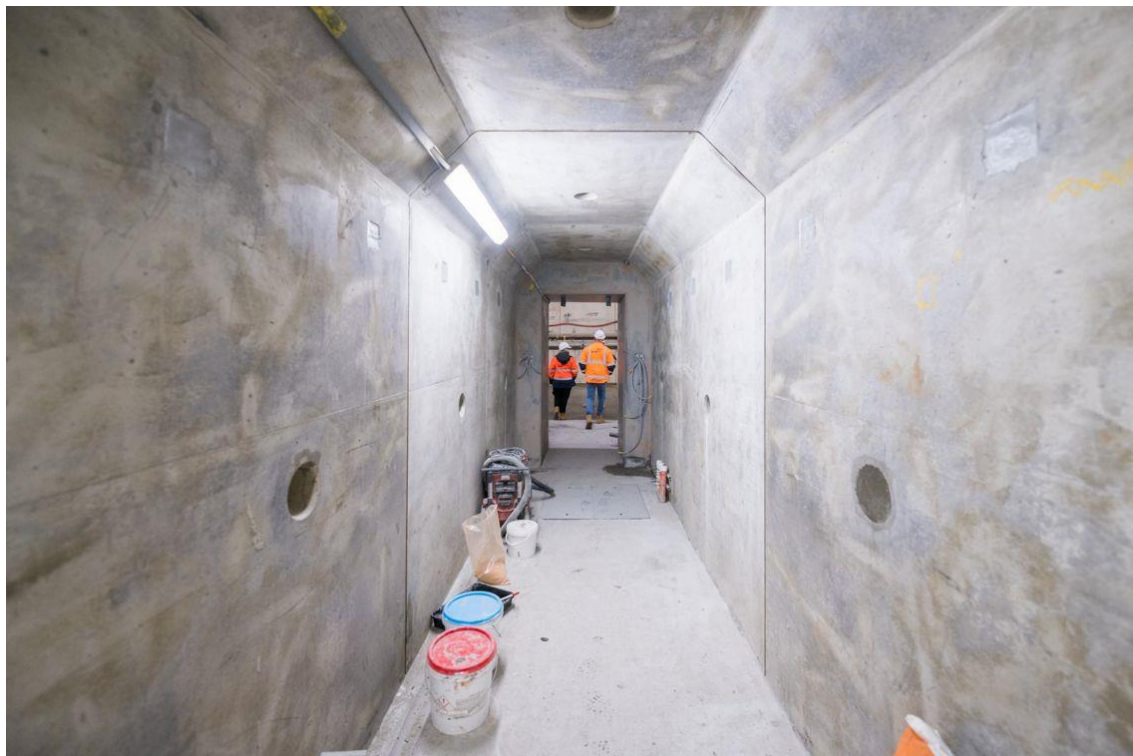

Main issues raised: Local impact of works, traffic disruptions
Impact of vent structures.

- Business Engagement (MEDLOG, Youell Street)

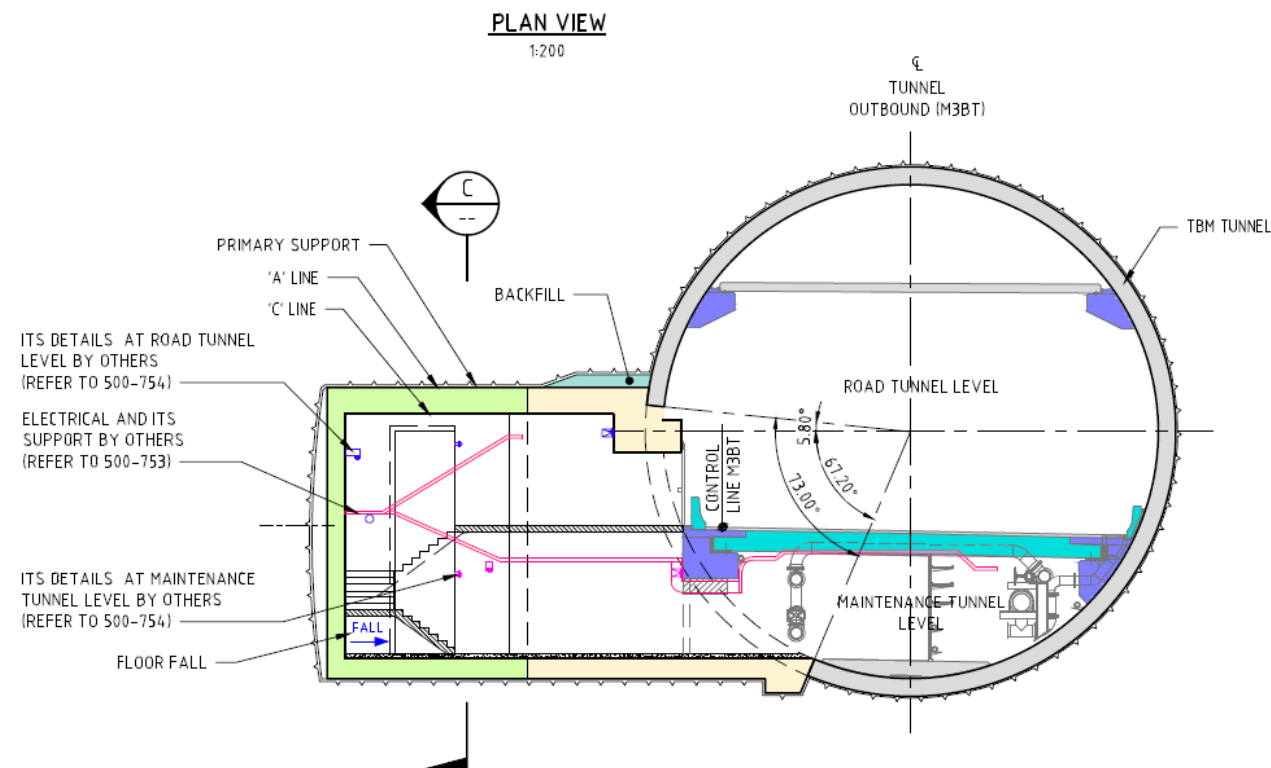

49 conversation held in Yarraville & Hobsons Bay

Cross passages

21 Cross Passages
 8m-15m in length
 136 precast units required
 Status: Seven completed

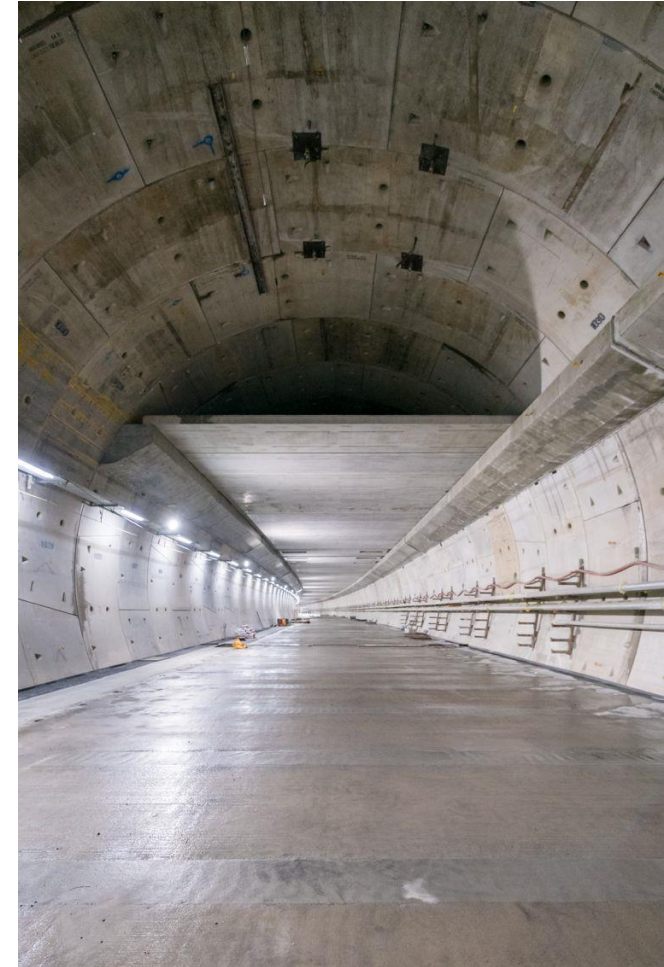

9 EOU's (egress/exit out and under)

These 'staircases' are only in the outbound tunnel when there isn't an inbound tunnel running alongside it. These EOU's provide access to the maintenance tunnel in the event of an incident.

Timber Net Structures

Artist Impression

The innovative structure will be made from glued laminated timber and steel connections. All material is sourced from renewable NZ Radiata Pine.

The timber structure will be built in pieces in New Zealand and shipped to Victoria.

November 2023 works will be starting at the Southern Inbound Portal.

Pinus radiata

Actions update

Actions update

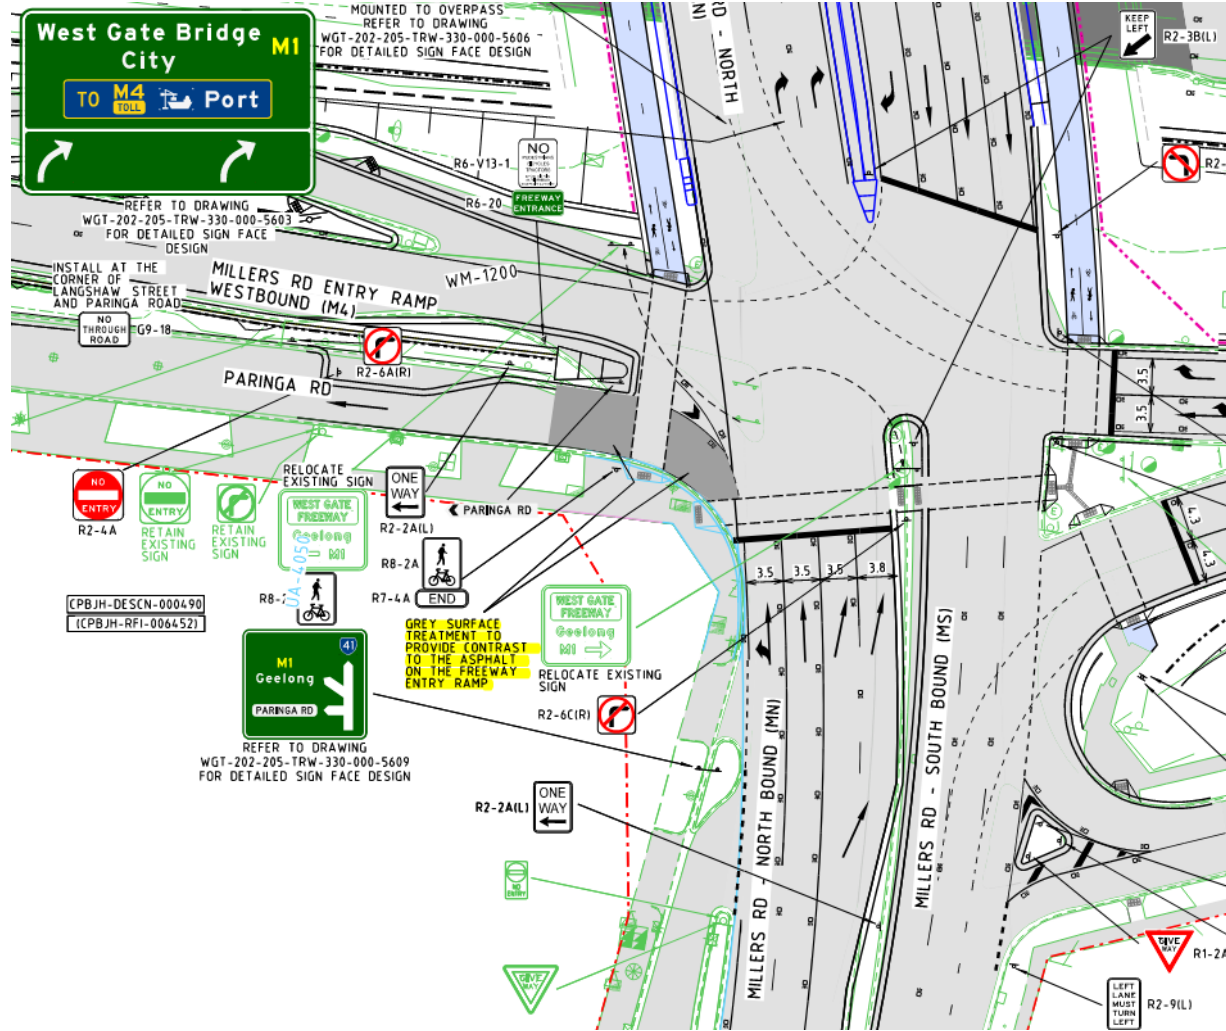

OFFICIAL

Name	Owner	Action	Status and update
AN8	CPBJH	CPBJH to confirm total number of trees to be replaced and removed.	Update provided at 7 September meeting. Action remains open.
ALL3	CPBJH / TU	CPBJH / TU to follow up an earlier than end of 2023 re-opening of Federation Trail between Millers Road and Fogarty Avenue.	Outstanding works impacting path reopening, including gantry installation, ITS, and other civil works. All project parties working toward opening as soon as possible. Action remains open.
ALL4	CPBJH/ TU	CPBJH / TU to provide an update on the maintenance program for graffiti during construction.	Awaiting update.
