

BRIDGE INN ROAD UPGRADE

SPRING 2023

We're adding extra lanes on Bridge Inn Road between Plenty and Yan Yean roads, installing new traffic lights, upgrading intersections, and building a new bridge over Plenty River.

What's been happening

Since our last update, we've:

- moved traffic onto the newly built westbound lanes between Resort Boulevard and Yan Yean Road
- installed 14 new power poles and relocated one kilometre of powerlines
- built sections of the new walking and cycling footpath
- reopened the intersections of Independence Boulevard and Windermere Parade
- installed over 1,200 metres of new water mains, 1,100 metres of gas pipes, and 4,500 metres of drainage.

Independence Boulevard
reopened at Bridge Inn Road

What we're doing and when

Vantage Point Boulevard and Bassetts Road

From mid-October, we'll start works to upgrade the intersections of Vantage Point Boulevard and Bassetts Road at Bridge Inn Road. To undertake these works, we'll need to close Vantage Point Boulevard and Bassetts Road at Bridge Inn Road **until early March 2024**. A detour will be in place via Painted Hills and Cookes roads or Towerhill Avenue.

The combined closure of these intersections means we'll reduce the need for further long-term closures and disruptions in the future.

Please scan the QR code to find out more about our works during these closures.

Moving traffic onto new lanes

We've continued moving traffic onto the new westbound lanes on Bridge Inn Road. We've now moved traffic onto more than 70% of the new lanes between Plenty Road and Yan Yean Road, while maintaining traffic flow in each direction.

We're now preparing to open lanes on the new bridge and move all traffic onto the new westbound lanes so that we can continue upgrading the existing eastbound lanes on Bridge Inn Road.

There'll be increased traffic management, speed reductions, and lane closures in place while traffic is moved onto the new lanes. We encourage you to plan your journeys and allow extra travel time.

Construction impacts

Our construction activities may generate varying levels of noise, dust and vibration at times. We'll have measures in place to ensure these impacts are minimised.

Most works will take place between **7am and 6pm, Monday to Friday and 7am to 5pm, Saturdays**. The progress of our works will depend on weather and ground conditions.

There will be intermittent lane closures on Bridge Inn Road over the next few months. When we need to work at night, we'll let you know ahead of time.

Pedestrian detours

As works continue along Bridge Inn Road pedestrian detours will be in place to safely guide you around our works. Please follow signage when detours are in place.

Stay informed

We'll continue to send you regular updates to let you know about upcoming works. You can also subscribe to receive emails or SMS updates at roadprojects.vic.gov.au/subscribe or by texting Bridge Inn to **0499 073 073**.
