

12 May 2024

# Upcoming day & night weekend works on Bulleen Road citybound entry ramp

## Works Notification

We're upgrading the Eastern Freeway with new express lanes, new traffic management technology, Melbourne's first express busway and a seamless connection to North East Link.

## What we're doing

To allow the Bulleen Road citybound entry ramp to connect with the newly paved sections of the Eastern Freeway, we need to create room for crews to safely complete pavement works.

From 9pm, Friday 23 May to 5am, Monday 26 May 2025, we'll be doing 24/7 works over the weekend on the Bulleen Road citybound entry ramp and along the Eastern Freeway, to upgrade permanent and temporary road surfaces.

During this time the Bulleen Road citybound entry ramp will be **closed** with detours of up to 20 minutes in place via major roads. See map overleaf.

In preparation for the weekend ramp closure, we'll work overnight under lane closures to realign safety barriers along the Eastern Freeway in the citybound direction between Burke and Bulleen roads, from 7pm to 6am on Wednesday 21 and Thursday 22 May.

As works progress, there may be additional night works required. We'll ensure residents receive advanced notification of these works.

## Where and when

 **Night works: 7pm to 6am Monday to Sunday**

 **24 hours works from 9pm, Friday 23 May until 5am, Monday 26 May**

We'll be working on the Bulleen Road citybound entry ramp and on the Eastern Freeway citybound lanes between Bulleen and Burke roads.

## What to expect

During these works you'll notice:

- closure of the Bulleen Road citybound entry ramp
- lane changes on the Eastern Freeway in the citybound direction between Bulleen and Burke roads
- nightly citybound lane closures on the freeway
- longer travel times due to detours in place
- traffic controllers and signage to guide motorists around our works
- construction vehicles, machinery, equipment and workers in the area
- low to medium levels of noise from machinery and equipment associated with pavement, profiling, asphaltting and line marking works
- use of directional lighting

## Managing impacts

We carefully manage our works in line with the project's strict environmental performance requirements including:

- scheduling noisier works early in the evening, where possible
- monitoring noise levels with real time monitoring, when required
- minimising light spill with targeted lighting
- working behind barriers to keep our workers and road users safe

## Keeping in touch

If you have any questions, please contact the 24/7 Contact Centre on **1800 105 105**. Our community engagement team will be speaking to local residents about these works in more detail.

Schedule is subject to change. Visit [bigbuild.vic.gov.au/roads](https://bigbuild.vic.gov.au/roads) for schedule changes.  
For more information call **1800 105 105** or visit the Project Information Centre at **284 Doncaster Road, Balwyn North**.

**Detour: Bulleen Road citybound entry ramp closure – 23 to 26 May 2025**
