| Ferntree Gully Road, Notting Hill          | 🌙 Ongoing until late-December 2025                                                                                                                                            | <ul style="list-style-type: none"> <li>— Upgrading underground services</li> <li>— Road modifications</li> </ul>                                                                                                                                                       | <ul style="list-style-type: none"> <li>— Intermittent overnight lane and road closures</li> <li>— Access to businesses maintained</li> </ul>                                                                                                                                                                                        |
| Gilby Road, Notting Hill                   | ☀ Ongoing until late-November 2025                                                                                                                                            | <ul style="list-style-type: none"> <li>— Upgrading underground services</li> </ul>                                                                                                                                                                                     | <ul style="list-style-type: none"> <li>— Intermittent lane closures between Ricketts Road and Ferntree Gully Road</li> </ul>                                                                                                                                                                                                        |

**Note:** Timing of works may change due to weather or ground conditions.

### How we will manage our works

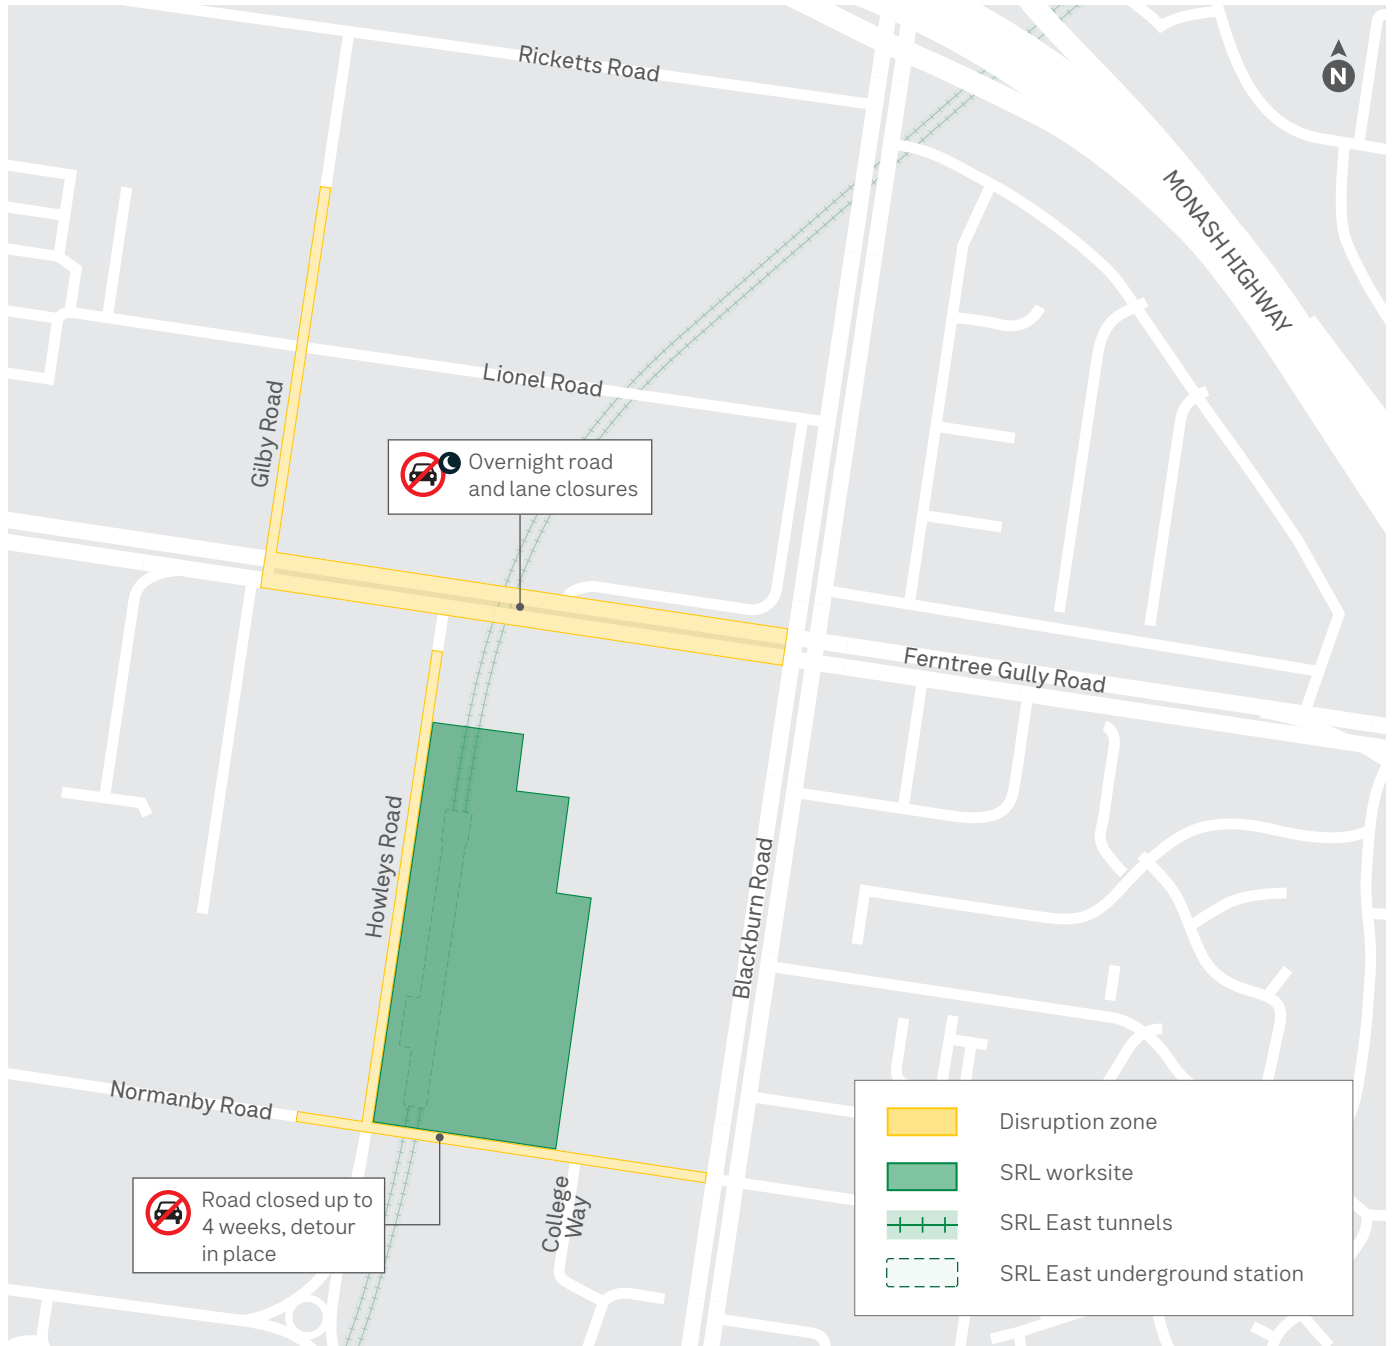

We will minimise impacts to the community by:

- Maintaining access to businesses during businesses hours, with help from traffic controllers where required
- Staging works along Howleys Road and Normanby Road to minimise traffic disruption
- Installing road safety and detour signage
- Notifying bus stop disruptions at the impacted stops ahead of time
- Transporting materials from site in covered trucks to minimise dust
- Positioning equipment as far as possible from businesses and residents and turning it off when not in use
- Safely removing hazardous materials in accordance with regulations
- Monitoring noise, dust and vibration levels.

Thank you for your patience and cooperation as we progress the delivery of SRL East at Monash.

More information  
[suburbanrailloop.vic.gov.au](http://suburbanrailloop.vic.gov.au)

Additional traffic changes will be in place around the Notting Hill area as we complete utility relocation works in the area. If there are disruptions to your utility services, you will be notified by your provider directly.

## Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. The Project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.
