

# Construction update

## South Yarra

June 2024

Major construction for the Metro Tunnel's eastern tunnel entrance in South Yarra has been completed.

### Works snapshot: June

In June 2024, the Metro Tunnel Project is pleased to announce the opening of the upgraded and constructed parks near the tunnel's eastern entrance.

We will continue train testing and commissioning activities within the tunnel and along the train network for the Metro Tunnel to open in 2025.

Over the coming weeks we will also continue work to open the green space along eastern side of Osborne Street.

Further information on these, and other Metro Tunnel Project works, can be found overleaf or at [metro.tunnel.vic.gov.au](https://metro.tunnel.vic.gov.au)

### Changes to our monthly construction update

We'd like to thank you for your patience over the last several years while we completed important works to build the Metro Tunnel's eastern entrance.

As major Metro Tunnel Project construction has finished at South Yarra, this will be the final construction update.

We will continue to keep you up to date with any upcoming Metro Tunnel Project works and news in South Yarra via mail, email and through our website.

To subscribe to for email updates visit [metro.tunnel.vic.gov.au/subscribe](https://metro.tunnel.vic.gov.au/subscribe) or contact the project information line on **1800 105 105**, 24 hours a day, 7 days a week.

### Metro Trains rail maintenance works

At times Metro Trains may conduct out of hours works for maintenance purposes in your area. To learn more about the Metro Trains out of hours maintenance contact Metro Trains on **1800 800 007** or visit their website at [metrotrains.com.au](https://metrotrains.com.au)

## High Capacity Signalling technology testing

- Out of hours testing will continue intermittently on the Cranbourne and Pakenham lines throughout 2024 to enable High Capacity Signalling testing.
- Testing of the High Capacity Signalling technology is expected to generate low levels of noise.

To know more about the High Capacity Signalling technology, please visit [metrotunnel.vic.gov.au/high-capacity-signalling](https://metrotunnel.vic.gov.au/high-capacity-signalling)

## South Yarra Siding Reserve now open

On Friday 24 May the South Yarra Siding Reserve was reopened to the public, marking another significant milestone for the Metro Tunnel Project.

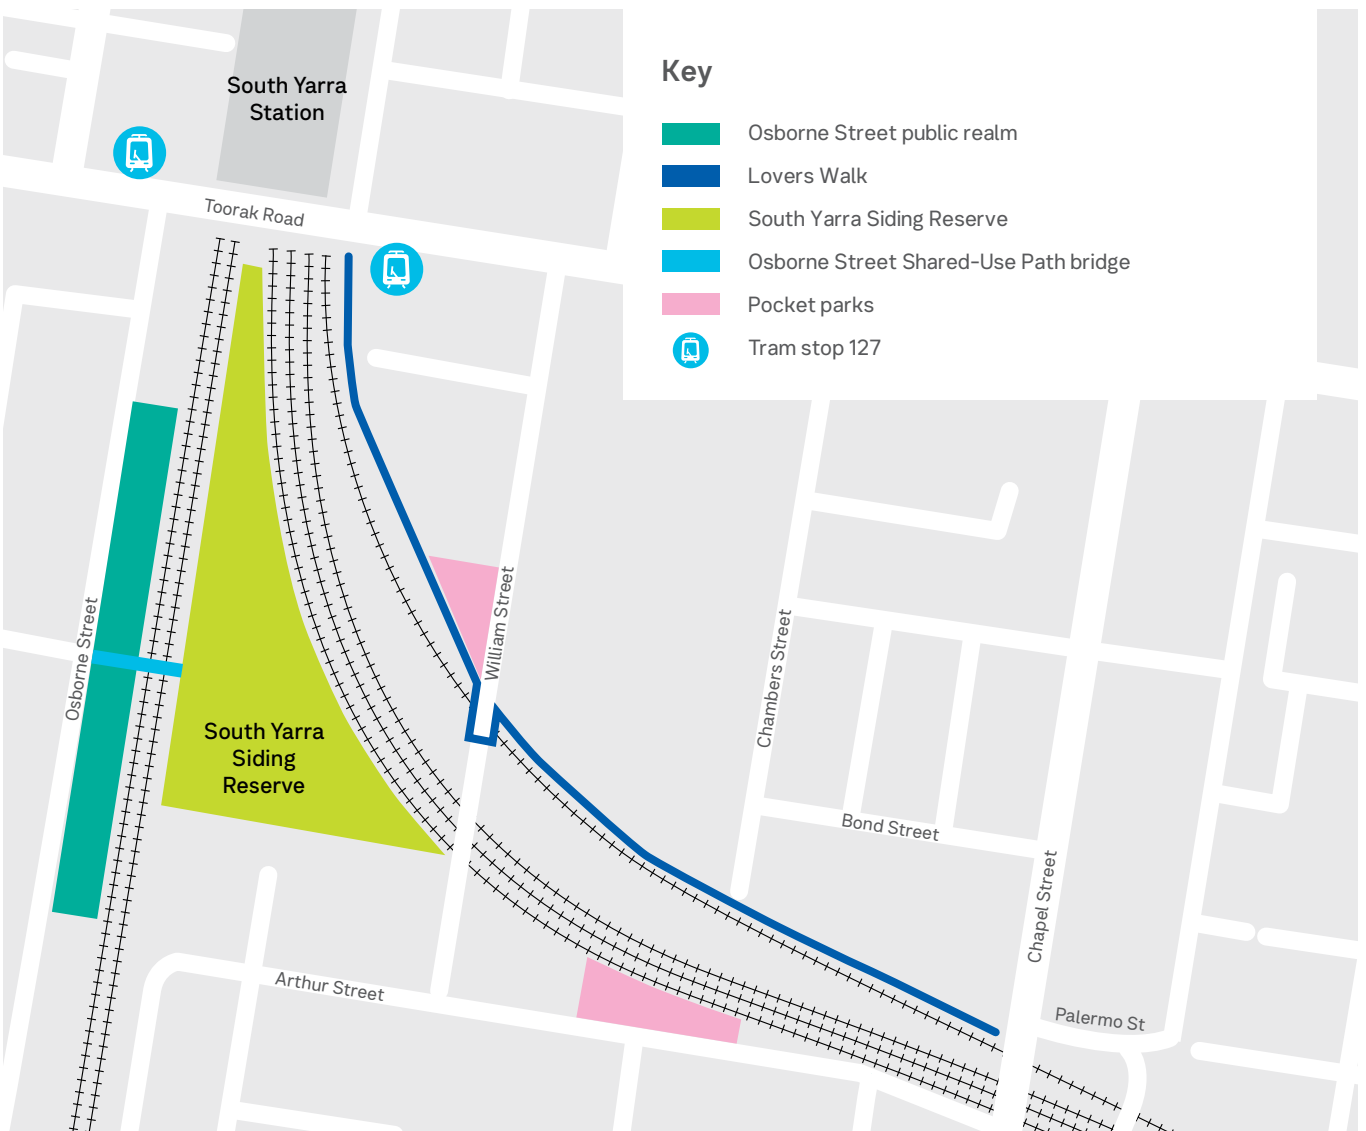

After being closed to the public for more than five years for the construction of the Metro Tunnel's eastern entrance, the formerly sloping area of grass has been transformed into an inviting local park for the community to enjoy.

The park sits above the South Yarra Substation - the first in Victoria built underground.

# Join us at the South Yarra Siding Reserve Community Day!

To mark a significant milestone made, we are hosting a FREE Community Day to thank the community of South Yarra for their patience during construction. Join us as we celebrate one of the project's

significant milestones at The South Yarra Siding Reserve with free food and entertainment.

Keep an eye out for more information about the event date and details over the coming weeks.
