

Mount Waverley works update

August 2025

Works are underway in Mount Waverley to deliver Suburban Rail Loop (SRL) East for Melbourne and Victoria.

What we are doing

 **Day works** 7am – 6pm Monday to Friday and 7am – 1pm Saturday

Where	When	What we are doing	What to expect
Emergency support facility site, Mount Waverley	 Ongoing until late-September 2025	<ul style="list-style-type: none"> — Site establishment including: <ul style="list-style-type: none"> — Demolishing buildings — Earthworks — Installing fencing and hoarding — Safely removing hazardous material, if found 	<ul style="list-style-type: none"> — Traffic management in place — Medium to high levels of noise, dust and vibration — Workers, machinery and vehicles at the site
Kiers Avenue and Huxtable Street, Mount Waverley	 Ongoing until early-August 2025	<ul style="list-style-type: none"> — Site investigations 	<ul style="list-style-type: none"> — Lane closure between Huxtable Street and Nellie Court — Up to 10 car spaces closed — Medium to high levels of noise associated with non-destructive digging and drilling
Lawrence Road, Mount Waverley	 From 11 August for up to four weeks	<ul style="list-style-type: none"> — Site investigations 	<ul style="list-style-type: none"> — Lane closure between Milliara Street and Huxtable Street — Up to 15 car spaces closed — Medium to high levels of noise associated with non-destructive digging and drilling

Note: Timing of the works may change due to weather or ground conditions.

Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction.

The project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

How we will manage our works

We will minimise impacts to the community by:

- Accessing site via the existing gate at High Street Road only
- Installing road safety and detour signage
- Transporting materials from site in covered trucks to minimise dust
- Maintaining access to homes and businesses
- Installing fencing and hoarding to reduce construction noise
- Using street sweepers to keep roads clean
- Using water and dust suppressants
- Monitoring noise, dust and vibration levels
- Positioning equipment as far as possible from residential properties and turning it off when not in use
- Scheduling works to minimise impacts.

Thank you for your patience and cooperation as we progress the delivery of SRL East at Mount Waverley.
