

# Day and night works in Bulleen

Works Notification  
February 2026

We're working on both sides of Bulleen Road as tunnelling continues on North East Link.

## What we'll be doing

Activities to support tunnelling works will take place 24 hours a day, seven days a week. During this time, we'll aim to minimise noise, dust and light impacts away from your property as much as possible.

Where	Activity	What to expect
Bridge Street, Manningham, Bulleen and Templestowe Roads, Bulleen	<ul style="list-style-type: none"><li>- Continue tunnel ramp construction, including excavation</li><li>- Relocating underground and overhead services including pavement cutting and surface works</li><li>- Monitoring boreholes to further investigate ground conditions</li><li>- Pouring concrete during the day and night</li></ul>	<ul style="list-style-type: none"><li>- 24/7 works to support tunnelling activities</li><li>- Additional trucks entering and exiting the worksites</li><li>- Noise, vibration and dust from construction activities with continuous mitigations in place</li><li>- Pedestrian detours around our worksites</li><li>- Occasional odours from deep excavation works</li><li>- Lane closures during the day and night</li><li>- Bridge Street closed to through traffic. Local access will be maintained for residents and businesses</li></ul>
Manningham worksite - TBM retrieval box	<ul style="list-style-type: none"><li>- Continue base and ramp construction including excavation</li><li>- Ongoing building works for the Motorway Control Centre</li><li>- Operating a concrete plant on site</li><li>- Operating a tower crane at night to support tunnelling works</li><li>- Ongoing mined tunnelling works including tunnel waterproofing and concrete lining</li><li>- Relocating underground and overhead services including pavement cutting and digging at surface</li><li>- Monitoring boreholes to further investigate ground conditions</li><li>- Overnight delivery of construction materials and oversize equipment</li></ul>	<ul style="list-style-type: none"><li>- 24/7 works to support tunnelling activities</li><li>- Additional trucks entering and exiting the worksites</li><li>- Noise, vibration and dust from construction activities with continuous mitigations in place</li></ul>

Access will be available via Thompsons Road</li> </ul>

## Oversize deliveries

We'll be delivering large pre-cast panel beams that will form part of the southern ventilation structure and roof of the tunnel.

Deliveries will occur between 11pm and 5am Mondays to Fridays, with up to six deliveries each night.

Most deliveries will arrive from the Eastern Freeway and Bulleen Road before entering our work site off Bulleen Road near the Carey Sports Complex.

## Managing construction impacts

Throughout our works, you may experience noise, light, dust, and vibration. We manage these impacts through real time monitoring, water carts and street sweepers, targeted lighting, and reducing noise and vibration within the construction zone.

You may notice workers on local streets capturing photos as part of our ongoing management of these impacts. We do this in conjunction with our modelling to ensure we have an accurate understanding of how these impacts may be felt in different areas. We will notify you before capturing any photos that include your property and we are happy to provide these photos upon request.

You may also see workers machinery in place, in and around construction areas, workers completing surveys in local streets and an increase of trucks removing dirt from our worksites.

To stay safe, please follow all instructions from signage and traffic controllers. We appreciate your patience and understanding throughout these works.

Scan the QR code or search **bigbuild.vic.gov.au/disruptions** for information on traffic disruptions, closure details.

## Remediation works at AJ Burkitt Reserve

The first stage of remediation at AJ Burkitt Reserve has been completed. These works will continue over the coming weeks with testing of ground conditions to be carried out before we replace the upper two metres of concrete with soil and turf and reinstating ground levels.

The area has been secured above ground and below ground, and crews are closely monitoring the site and surrounding areas around the clock.

We've been working closely with Banyule Council on how we reinstate the reserve and support local sporting clubs during this period - that support will continue until the reserve is handed back to Council. This will include repairing any damage to ovals, landscaped areas and public amenities.

While these investigations and remediation are underway, we're asking people to avoid the area and we thank the community for their patience and understanding.

## Upcoming disruptions across North East Link Program

Freeways, bridges and surrounding roads are starting to take shape above ground while tunnelling continues underground. Traffic disruptions are expected from Greensborough to the Eastern Freeway this February.

Upcoming disruptions include:

- Bulleen Road citybound exit ramp will be closed from 9pm, Wednesday 4 February to mid-March to complete critical 24/7 works, including starting to build a new shared path underpass and building new noise walls.
- The Eastern Freeway will also be closed citybound between Doncaster and Bulleen roads from 10pm, Friday 6 February to 5am, Monday 9 February to open a new worksite in the centre median of the freeway.
- Elder Street will be closed in both direction between Greensborough Highway and Frensham Road from 9pm, Friday 27 February to 5am, Monday 30 March to build the new Elder Street landscaped bridge and finish building the permanent lanes on Greensborough Road. During this time, Greensborough Highway will be reduced to one lane southbound between Nell Street and Watsonia Road.
- The M80 Ring Road Altona-bound exit ramp to Plenty Road will be closed from 10pm, Monday 2 February to 5am, Tuesday 3 February.
- The M80 Ring Road Greensborough-bound entry ramp from Plenty Road will be closed from 10pm, Tuesday 3 February to 5am, Wednesday 4 February.

We're working hard to minimise disruptions to the local community. Please plan ahead and allow additional travel time.
