

Heatherton and Clarinda works update

November 2026

Works are underway in Heatherton and Clarinda to deliver the Suburban Rail Loop (SRL) East.

What we are doing

Train stabling facility, Heatherton

- Building the eastern tunnel entrance (ETE) and western tunnel entrance (WTE)
- Building the train stabling facility.

Day works

7am – 6pm Monday to Friday and 7am – 1pm Saturday

24-hour works

7am – 7am Monday to Sunday

Tunnel boring machine (TBM) launch site, Clarinda

- Building the Clarinda tunnel access structures (TAS)
- Connecting underground services.

Night works

6pm – 7am Monday to Sunday

The following works will be carried out during November 2026.

Where	When	What we are doing	What to expect
Train stabling facility, Heatherton	 Ongoing	— Building the WTE and ETE — Earthworks and excavation — Preparing for tunnelling — Site investigations — Ground improvement works including piling, rolling and ground compaction — Safe management and removal of hazardous material — Moving and connecting underground and above ground services — Vegetation removal — Constructing an acoustic shed at WTE	— Truck movements and oversized deliveries up to 24/7, including loading and unloading — Workers in specialised protective clothing — Workers in Kingston Walk Linear Reserve at times — Workers and exclusion zones in Henry Street Linear Reserve at times — Noise, vibration, light and dust. Piling and ground compaction activities may cause higher levels of noise and vibrations. These works will not be done at night

Local traders remain open for business during works.

Where	When	What we are doing	What to expect
TBM launch site, Clarinda	🕒 Ongoing	— Tunnelling support works — Moving and connecting underground and above ground services	— Changed traffic conditions on Victory Road — Truck movements and oversized deliveries up to 24/7, including loading and unloading — Peace Road closed until mid 2027 — Noise, vibration, light and dust
Kingston Road, Heatherton	🌞🌙 Ongoing	— Moving and connecting underground and above ground services — Traffic barrier movements	— Truck movements and oversized deliveries up to 24/7 — Intermittent overnight road closures from Nicholas Grove to Clayton Road — Changed traffic conditions between Warrigal Road and Clayton Road — Access to homes will be maintained — Noise, vibration, light and dust — Changes to 631 bus route between Nicholas Grove and Clayton Road — Visit ptv.vic.gov.au and bigbuild.vic.gov.au/disruptions to plan your journey

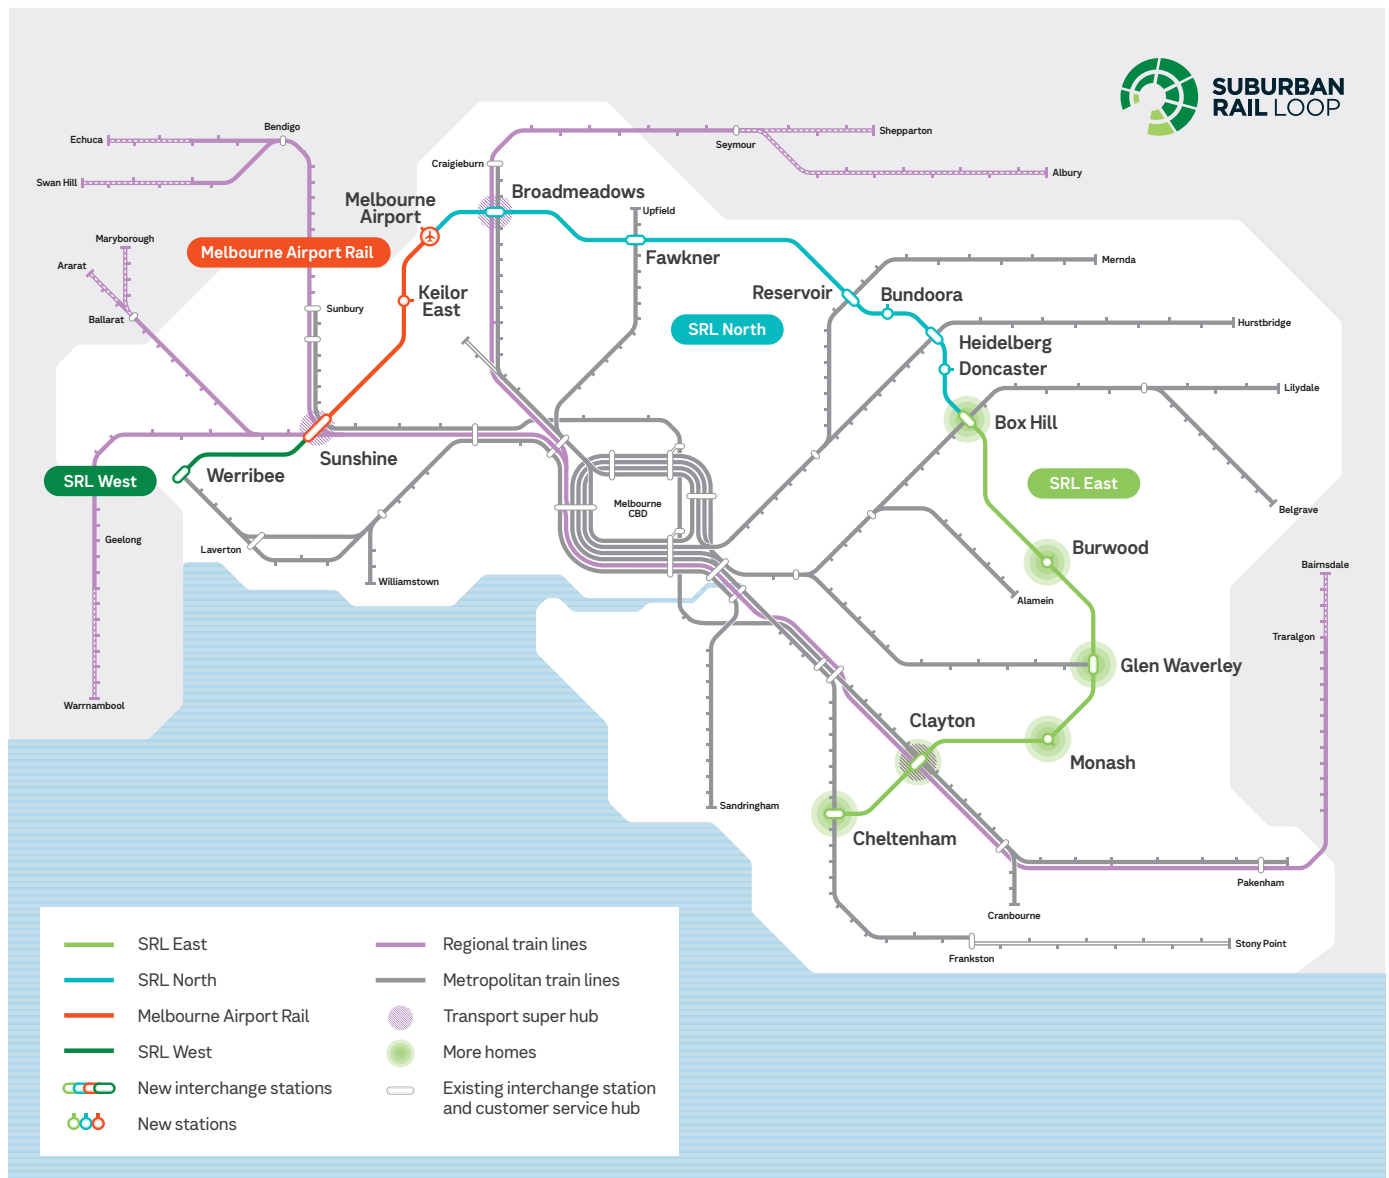

Note: Timing of works may change due to weather or ground conditions.

Additional short-term traffic changes will be in place around the Heatherton and Clarinda area as we complete site investigation works.

There will be increasing major works activities, including earthworks and piling, across the train stabling facility site.

Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

How we will manage our works

- Covering trucks to minimise dust
- Monitoring noise, dust and vibration levels
- Using noise blankets and hoarding to minimise noise, dust and light spill
- Safely removing and managing hazardous materials in accordance with regulations and requirements
- Using wheel washers and rumble grids to remove mud and dirt from trucks leaving the site
- Using street sweepers to minimise mud and dirt on local roads
- Using water and dust suppressants
- Maintaining access to homes and businesses.
