

# Important information

## Drainage works

Hobsons Road site, Kensington

Monday 13 April – Friday 1 May 2026

VICTORIA'S BIG BUILD

As part of the ongoing building retention works at the Metro Tunnel Hobsons Road site, drainage works will commence on Monday 13 April.

### When we'll be working

We'll be working **7am to 6pm, Monday 13 April - Friday 1 May 2026.**

The timing of work may change depending on weather.

### What we'll be doing

We will be carrying out drainage works at the front and back of building F, which sits on Hobsons Road.

The work involves breaking concrete, installing new drainage and reinstating the footpath. Non-destructive digging (NDD) machine, saw cut, excavator and hand tools will be required.

These activities are expected to generate medium levels of noise with intermittent high levels of noise and are expected to generate low levels of dust.

Pedestrians will be diverted to the eastern side of Hobsons Road, with traffic controllers on site to assist with pedestrian and cyclist movements during working hours.
