Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. The Project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

How we will manage our works

We will minimise impacts to the community by:

- Transporting materials from site in covered trucks to minimise dust
- Installing road safety and detour signage
- Maintaining access to homes and businesses
- Monitoring noise, dust and vibration levels
- Using noise blankets on equipment
- Using water and dust suppressants.

Thank you for your patience and cooperation as we progress the delivery of SRL East at Box Hill.

Temporary bridge works started in April on Whitehorse Road ensuring traffic continues to flow while we build SRL East. Scan the QR code to see how.

We will start moving underground services in Box Hill Gardens from June.

To receive SRL East works reminders via SMS text BOX HILL to 0429 469 592
