

NARRE WARREN- CRANBOURNE ROAD UPGRADE

DECEMBER 2022

*Works underway at the Thompsons Road/
Narre Warren-Cranbourne Road roundabout*

The Narre Warren-Cranbourne Road Upgrade is underway.

We're building extra lanes and upgrading intersections on Narre Warren-Cranbourne Road to make it quicker, easier and safer to get to where you need to be.

When complete this significant project will improve traffic flow, safety and access for motorists, cyclists and pedestrians in the Cranbourne area.

What's been happening on the project?

Significant utilities relocation works continue. Drainage, power, gas and telecoms have been protected and moved so we can build the extra lanes.

Elsewhere we've been strengthening the ground layers to ensure strong foundations are in place for the new road.

Stay informed

Please contact us if you would like to discuss these works or are likely to be impacted.

We'll send out regular updates to keep you informed of works that affect you. To sign-up for email and SMS updates, please visit roadprojects.vic.gov.au/subscribe or text "NWCR" to 0499 073 073. For more information about the project please visit roadprojects.vic.gov.au/nwcru

What's coming up?

From 9 January to 13 February we'll close the roundabout at Narre Warren-Cranbourne and Thompsons roads to build the new signalised intersection.

The works include removal of the existing roundabout and construction of the new signalised intersection. When completed the intersection will have three through lanes and three turn lanes on each approach. We're also building new paths for pedestrians and cyclists.

Closing the roundabout will enable us to complete five months worth of work in five weeks and provide a safer environment for motorists, pedestrians and construction workers.

Changed traffic conditions

From 9 January to 13 February detours will be in place via Berwick-Cranbourne Road and the South Gippsland Highway. Please allow approximately 20 minutes to your journey times at peak hours.

From 13-20 February traffic will be able to move east and west along Thompsons Road. There will be lane closures north and south, along Narre Warren-Cranbourne Road.

Considerable planning has been undertaken to ensure the significant works to this intersection are carried out at a time with lower call volumes.

What to expect

Crews will be working 24/7 to complete the intersection works as soon as possible – if you feel you may be impacted by nightworks please contact us, we may be able to help.

An increase in traffic on the roads surrounding the Narre Warren-Cranbourne and Thompsons roads intersection is anticipated.

Please observe signage for information about traffic changes, detours and speed reductions. Please also follow traffic controllers' instructions – they are here to keep you safe.

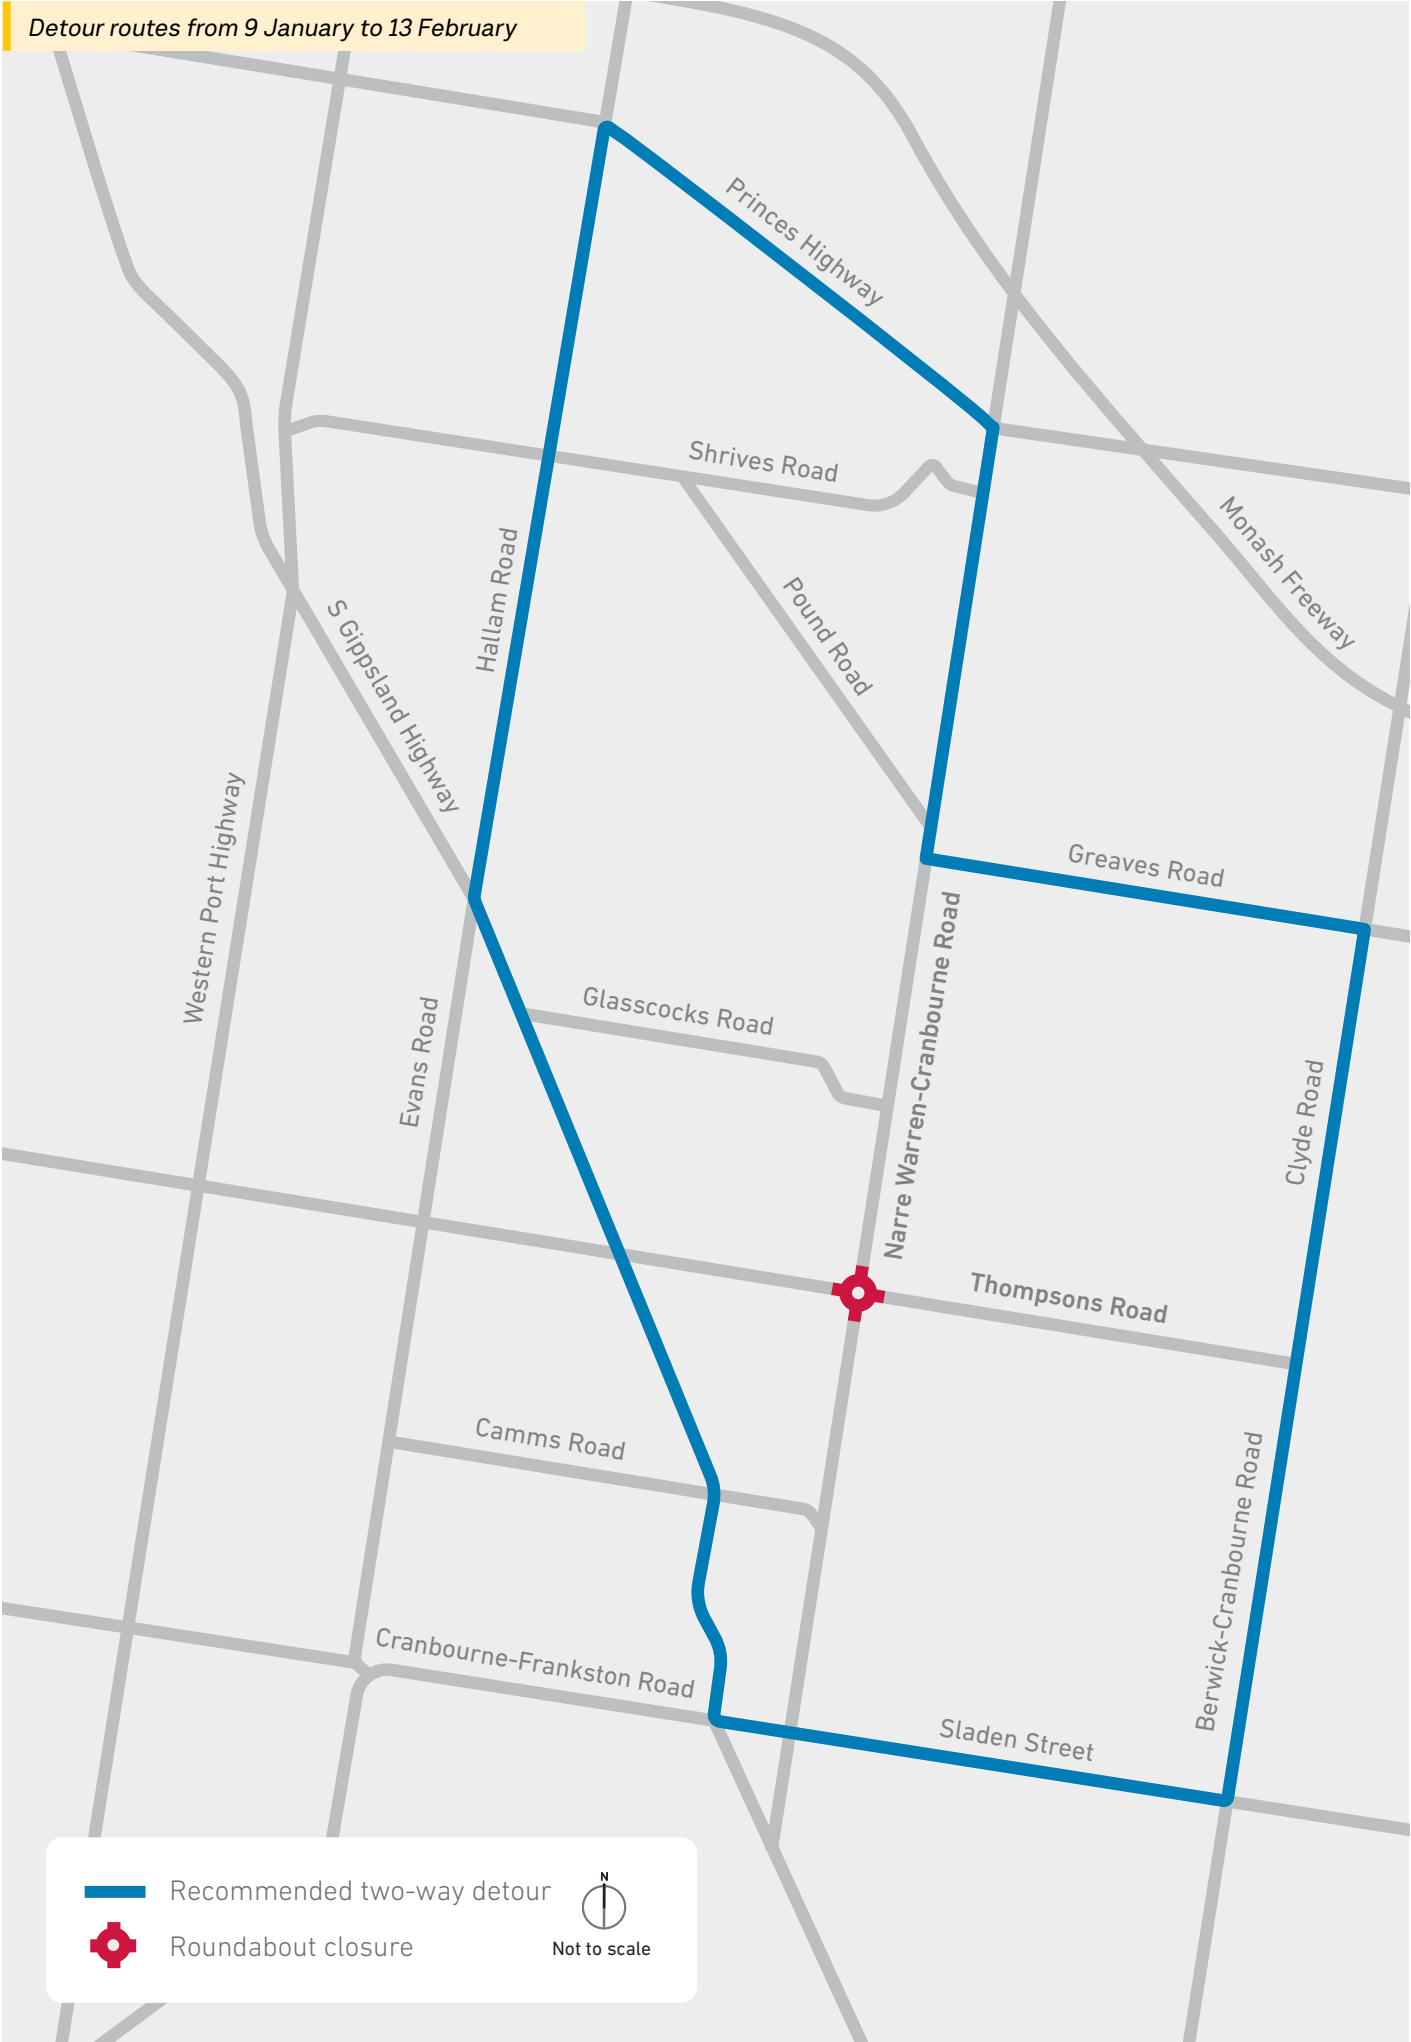

An increase in construction machinery, noise and dust is expected. Mitigation measures will be in place with the regular use of water carts and street sweepers to reduce dirt and debris on the road.

Bus services will follow the detour routes which will add additional time to your journey. We recommend you plan ahead and allow additional time.

Travel delays are to be expected, so please allow extra time as you travel through the area.

Detour routes from 9 January to 13 February

Thompsons Road closure – business access changes

Businesses are open

We'll maintain access to all businesses at the roundabout, including Springhill Shopping Centre, McDonalds APCO – please follow the detour signage and support these businesses during these works.

BP will be closed for the duration of the closure.

Pedestrian detours

As our works continue, we will implement minor pedestrian detours between Thompsons Road and South Gippsland Highway. All detours will be signed and provide clear instructions on how you can travel safely to your destination.

Crews will be working 24/7 to complete the intersection works as soon as possible – if you feel you may be impacted by nightworks please contact us, we may be able to help.
